

# TIMETABLE, Thursday, June 10, 2010

Time	Plenary (Hotel)	Room 2 (Spektrum)	Room 3 (Spektrum)
7.30			
7.45	<b>ICL 05:</b> Patello-femoral pain. A global approach Arthroscopy Committee	<b>ICL 04:</b> Return to sports – are there any evidence based guidelines?	<b>ICL 01:</b> The swollen knee
8.00			
8.15			
8.30			
8.45	Shoulder and elbow surgery in China, state of the art and new advances		
8.50			
8.55			
9.00			
9.10	Presidential lecture by Lars Engebretsen		
9.20	Highlight lecture by Elizabeth Arendt: Bridges Across the Ocean: Towards a Better Understanding of the Patellofemoral Joint		
9.30			
9.35			
9.45	Ejnar Eriksson Lecture by Werner Müller: Old and new - known and unknown - would you know?		
10.00	Coffee break		Coffee break
10.15			
10.30	Free papers: TKA I	Free papers: ACL III	Free papers: Shoulder II
10.45			
11.00	Star papers		
11.15			
11.30			
11.45			
12.00	Lunch Workshops		
12.15	Lunch Workshops		
12.30	Lunch Workshops		
12.45	Lunch Workshops		
13.00	Lunch Workshops		
13.15	Lunch Workshops		
13.30	Lunch break		
13.45	Lunch break		
13.50	Lunch break		
14.00	Live surgery: Hip  Live surgery: Knee	ESSKA AOSSM	Anatomic double-bundle ACL reconstruction technique: Results and evaluation of quantified rotatory stability
14.05			
14.15			Management of medial collateral ligament injuries in the multi-ligament injured knee
14.20			
14.30		Poster Short Communication II	
15.00			
15.15			
15.30	Coffee break		Coffee break
15.45			
16.00	Free papers: Total joint II	High-tech developments: how do patients and practise profit. Navigation, CAOS, Kinematics	Sport specific: Alpine skiing - a medical challenge
16.15			
16.30			
16.45			
17.00	Knee Committee: Sports and TKA	Tissue Engineering: the progress from laboratory to patient	What is new in cartilage repair?
17.15			
17.30			
17.45			
18.00			

# TIMETABLE, Thursday, June 10, 2010

Room 4 (Spektrum)	Room 5 (Spektrum)	Room 6 (Hotel)	Room 7 / Base 1 Holmenkollen / Oslofjord	Time	
<b>ICL 03:</b> Patella in total knee replacement	<b>ICL 06:</b> Absorbable implants in sports traumatology, basic science, clinical aspects and future perspectives	<b>ICL 02:</b> Endoscopic Cuff Repair: an Evidence Base Review		7.30
